CITY OF KINGSLEY SANITATION COLLECTION BID SPECIFICATIONS

ATTACHMENT II

The Kingsley City Commission reserves the right to reject any or all bids and to waive minor bid irregularities. All bids shall be submitted to Tom Schlindwein, Mayor, Kingsley, P.O. Box 5515, Louisville, Kentucky 40255-0515 or yardboy1504@bellsouth.net and shall be received no later than the bid opening on Thursday, May 4, 2023 at 7:00 P.M. at the regular meeting of the Kingsley City Commission at First Financial Bank, 2735 Bardstown Road, Louisville, Kentucky 40205. Any bids not received by the above date and time will not be considered responsive to the bidding invitation. Additionally, all those bidding must submit proof that they are qualified (including, but not limited to required insurance and a valid and current contract with a state-approved landfill), pursuant to the bid specifications. Bidders must provide their current address and contact information from any other municipal client references.

The Sanitation Contract for the periods July 1, 2023 through June 30, 2025 and July 1, 2025 through June 30, 2027, shall be awarded to the bidder with the lowest and best bid after any price adjustments are made pursuant to objective measurable criteria, which affect the economy and effectiveness in the operation and use of the service, including, but not limited to the following:

1. Reliability;
2. Time of delivery;
3. Past performance;
4. Proven experience in sanitation services delivered without complaints from municipalities with similar services;
5. Positive references from other municipalities;
6. Proof that the bidder has the capability to timely and adequately service the city with sufficient manpower and equipment; and
7. Experience in the sanitation business.

These specifications required by the City of Kingsley, Kentucky, for successful bidder (person, firm, or corporation awarded the contract to collect garbage, recyclables and yard waste with the boundaries of the City of Kingsley, shall be as follows:

1. Term of Contract: The term of the sanitation contract shall be from the period beginning July 1, 2023 through June 30, 2025 and then from period beginning July 1, 2025 through June 30, 2027.
2. Definitions:
 - a. "Household Solid Waste" shall mean that normal household waste usually associated with residential households, including garbage and trash generated by single and multi-family residences.
 - b. "Parcel" for collection purposes, means one, single parcel of taxable property as shown in the Jefferson County Property Valuation Administrator's records if that parcel contains improvements, being used as a residence and can be served by a collection of residential household waste. There shall be only one collection unit per taxable parcel as reflected in the Jefferson County Property Valuation Administrator's maps.

- c. "Recyclables" shall mean but is not limited to post-consumer glass (brown/amber, clear, green), aluminum cans, Bi-metal containers, newsprint, plastic PET bottles, and such other items that may be considered recyclable.
 - d. "Yard Waste" shall have the same meaning in the Jefferson County Waste Management District Solid Waste Regulations.
3. Type of Collection:
- a. Household Solid Waste. Contractor shall provide at each collection parcel curbside collection of household solid waste once per week in one ninety-six (96) gallon rolling container supplied by the contractor at no additional cost to the city.
 - b. Yard Waste: The Contractor shall provide at each collection parcel, once weekly curbside collection of yard waste as defined herein and in the Jefferson County Waste Management District Solid Waste Regulations. Shrubbery and tree trimmings should be cut and tied by residents in no longer than four (4) foot lengths and placed at the curb. Christmas trees, however, need not be cut by residents and shall be picked up by the Contractor as yard waste if placed at the curb or alley.
 - c. Recycling: Contractor shall provide at each collection parcel, once weekly curbside collection of recyclables in at least one ninety-six (96) gallon rolling container supplied by the contractor at no additional cost to the city. Recyclable materials shall consist of plastic bottles, jugs, cartons, laundry detergent bottles, aluminum cans, steel and tin cans, glass bottles and jars, paperboard boxes, newspapers, flattened cardboard, brown paper bags, carrier stock, mail, magazines, mixed paper and phone books, and such other items considered as recyclable. The sorting of these materials shall be managed by the Contractor. Recyclable items shall not be disposed of in any landfill.
 - d. Junk Pickup: Contractor agrees to pick up at curbside with its normal collection, at no additional charge, at each collection parcel a reasonable amount of additional household junk (including one appliance). If any resident abuses this additional pickup, Contractor shall notify the city, and the city will make contact with the resident for resolution. Contractor may charge a resident to pick up more than one discarded appliance per pickup, and it shall be the duty of the resident to notify the Contractor in advance for appliance pickup.
4. Collection Schedule: Solid waste collection shall be made once a week at each collection parcel within the city. All collection shall be made on a day agreeable to by both the city and the Contractor. Normal collection hours shall be limited to the time beginning 7:00 A.M., and collections shall not be made after dark. After pickup, all garbage cans or similar containers shall be returned to their collection site with the lids replaced on all cans. Contractor agrees that garbage cans will be handled such that they are not damaged. Contractor shall set out in its schedule all the holidays upon which there will be no collection. Should any holiday fall on a regular collection day, then pickup shall be made on the next workday that is not a legal holiday, and the balance of collection that week moved accordingly which may include a

Saturday collection. After a schedule is so established, Contractor shall notify the city (which must approve of any proposed change) and customers in writing of any changes at least two (2) weeks in advance of such change.

5. Contractor Liability: Contractor should not climb fences or traverse front or back yards to travel from parcel to parcel without the consent of parcel owner. Any damage resulting from Contractor's operation, personnel or sanitation vehicles shall be the full responsibility of the Contractor. Any and all spillages will be immediately picked up by Contractor, and Contractor shall be responsible for any cleanup related to liquids, including but not limited to hydraulic fluid, from the sanitation vehicles leaking or being discharged onto the streets or adjacent parcels. Contractor also shall be responsible for closing all gates or other enclosures utilized in the collection process. Contractor shall not be required to enter any building for collection purposes.
6. Vehicle Limitations: No sanitation vehicle with a gross vehicle weight in excess of eight thousand (8,000) pounds shall enter upon any residential driveway or other private property without the written permission of the city and/or the owner of such property. All sanitation vehicles shall be neatly painted and kept clean.
7. Contractor Obligations: Contractor shall provide all labor, equipment, tools, maintenance, licenses, taxes, dumping fees, permits and all other expenses relative to the operation of the garbage, yard waste and recycling collection and disposal services specified herein. No fuel surcharge will be paid. The pricing for the terms of the contract is fixed and cannot be changed by any increase in the maintenance, licenses, taxes, dumping fees, permits, and any and all other expenses relative to the operation of the garbage collection and disposal service.
8. Contractor Insurance and Indemnification: Contractor will furnish the city with Certificates of Insurance with regard to Workers Compensation insurance, general operations, and liability insurance with an amount of no less than \$1,000,000.00 property damage and \$1,000,000.00 general liability, which certificates are hereby incorporated into these specs and the sanitation contract. Contractor further agrees to indemnify, protect and save the city as harmless from and against any and all losses, damages, claims, liability, suits and actions, whether in law or equity, judgment and cost (including reasonable attorney's fees) which shall arise from or grow out of any injury or death of persons and for damage to property occurring while such person or property are on, approaching or leaving the premises of the city or caused by, arising from, or in any manner connected with the use of said vehicles within the boundaries of the city or otherwise arising out of the performance by the Contractor of the contract.
9. Contractor Communications: Contractor agrees to maintain adequate telephone facilities during normal business hours in order to receive complaints direct from individual homes and the city and will keep the city advised of all such telephone numbers in use. Answering machines or voice mail shall be used for after-hours messages and periodically monitored.
 - a. Any skipped refuse shall be picked up on the date of the skip if reported prior to 1:00 p.m. on weekdays or 11:00 a.m. on Saturdays, or the next day if reported later.

- b. The city shall be notified weekly in writing of all complaints (or skips) reported to the Contractor.
 - c. Contractor's representative shall check daily with the city representative at approximately 1:00 p.m. to receive any complaints reported to the city.
10. Additional Parcels to be Serviced: In the event any additional houses are constructed or parcels annexed by the city after the commencement of this contract, Contractor agrees to provide service to those parcels in accordance with the terms and rates set out in these specifications and the contract. At any time when a new or additional unit is added to the city billing, such bill shall itemize the units and locations added. In addition, during the first month of the contract, Contractor shall determine the number of units in the city receiving services under this contract listed by street address and submit that proof in writing to the city. Thereafter, when a unit is added or deleted from the total, the address of such unit shall be separately itemized on the first bill adding or deleting the unit.
11. Contractor Independent: Contractor shall be deemed an independent contractor and not an employee of the city. Contractor shall assume full responsibility for collection and disposal of waste. Contractor shall use efficient, temperate and honest employees. Contractor shall use modern and efficient equipment in the performance of this contract and shall keep such equipment, including dumpsters, properly maintained, and painted.
12. Contractor Compliance with Laws: Contractor shall have the sole responsibility of disposing of the refuse and garbage collected in an approved landfill and shall comply with all environmental laws and regulations, including those adopted by Jefferson County Waste Management District Solid Waste Regulations, and shall hold the city harmless from any of its activities hereunder.
13. Contract Termination: The city reserves the right to cancel this contract within thirty (30) days prior written notice should the Contractor default on the terms of these specifications and the contract or the collection service rendered by contractor has become substandard in the sole discretion of the City Commission, and then only after the Contractor has been informed of any deficiency and given a reasonable time, not to exceed thirty (30) days to correct such deficiency. In the event of such cancellation based upon default by the Contractor, the city reserves its right to damages.
14. Assignment: This contract may not be assigned without the express, written consent of the city.

It is the understanding, intention, and agreement of the Contractor and the city that the above bid specifications, including Attachment I and Attachment II, shall be incorporated by reference into the sanitation contract between the Contractor and the city and together shall be a contract for the collection and disposal of garbage, yard waste and recyclables and further that it shall not constitute a franchise, nor shall it be deemed or construed as such.
